B. HOST COUNTRY & VENUE

INCREDIBLE EXPERIENCES, UPPER AUSTRIA

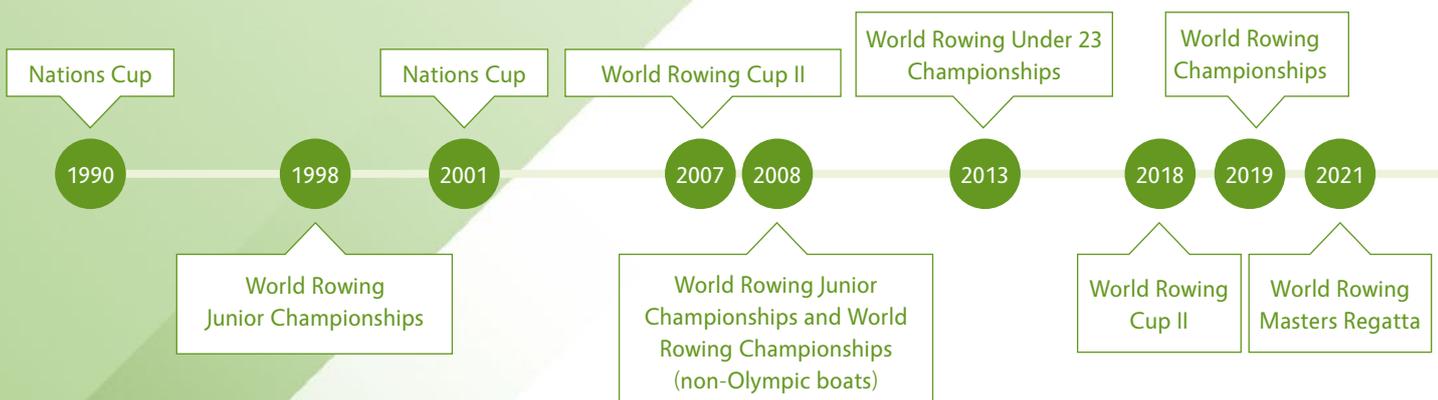

Five things that make Upper Austria special.

- ▶ **01** Upper Austria offers a convenient and compact microcosm of the whole of Austria's rich variety. From the Bohemian Forest in the north to the Danube Valley and on to the mountains and lakes of the northern Alps, the Upper Austrian countryside is the essence of everything that makes Austria special.
 - ▶ **02** Upper Austria is hospitable and welcoming. Its people fully appreciate the treasures their state holds, whether in its unique landscapes or its culinary delicacies, and are happy to nurture visitors' interest in the local specialities and attractions.
 - ▶ **03** Upper Austria is a place of special value – and it has received recognition as such from UNESCO on a number of occasions. The village of Hallstatt in the Salzkammergut region is a World Heritage Site, as are the prehistoric pile dwelling settlements on Lake Attersee and Lake Mondsee. Many of the region's customs and traditions also feature on intangible cultural heritage lists, and we must not forget Linz's status as the cutting-edge UNESCO City of Media Arts.
 - ▶ **04** Upper Austria is modern and innovative. Its inhabitants take a keen interest in the future and the changes it will bring. Many Upper Austrian companies are global leaders in their fields – a fact they're eager to demonstrate to visitors.
 - ▶ **05** Travelling to Upper Austria is quick and easy, whether by flying to Blue Danube Airport Linz, taking the train (ÖBB) or driving (on the A1) from Vienna (180 km) or Salzburg (130 km).

REGATTA VENUE LINZ-OTTENSHEIM

The regatta venue is located in Ottensheim, an idyllic small town at a distance of 10 kilometres from Linz. The course is situated in a side branch of the river Danube, making it one of only a handful of natural, non-artificial regatta venues.

After the attribution of the 2019 World Rowing Championships to Linz-Ottensheim, Austria, an extensive investment programme was started to modernise and expand the regatta venue. A futuristic, flood protected, and fully accessible National Training Centre for both rowers and canoeists has been constructed that enables to stage international events as the 2021 World Rowing Masters Regatta.

C. ARRIVAL & VISA

Due to its central location, Linz can easily be reached by bus, train, and car.

COMPENSATION OF CO2 EMISSIONS

Compensation means that CO2 emissions can be offset by a climate protection project somewhere else in the world. The Paris Climate Agreement aims at climate neutrality by 2050, that means a balance between additional CO2 emissions and their depletion in sinks - an ambitious goal. Therefore, it is absolutely essential to use all possible instruments that lead to CO2 reduction. Offsetting emissions begins whenever air or car travel is unavoidable. Consumers can offset unavoidable CO2 emissions by paying for them. Emissions therefore gain a certain price. Compensation has several positive effects. On the one hand, it raises consumers' awareness of their activities and the emissions they generate. On the other hand, compensation projects have a positive effect on sustainable development in partnership countries, strengthening local sustainability pathways.

VISA REGULATIONS

Citizens from some non-EU countries are required to hold a visa when travelling to the [Schengen Area](#). The EU has a common list of countries whose citizens must have a visa when crossing the external borders and a list of countries whose citizens are exempt from that requirement. These lists are set out in [Regulation \(EU\) 2018/1806](#). Generally, a short-stay visa issued by one of the Schengen States entitles its holder to travel throughout the 26 Schengen States for up to 90 days in any 180-day period.

Further information can be found under: <https://ec.europa.eu>

D. LOCAL TRANSPORT & PARKING

The regatta venue Linz-Ottensheim is located within a distance of 10 kilometres from Linz.

LOCAL TRANSPORT

The use of public transport between Linz and the venue is included when booking accommodation through the OC.

► Bus Line 200

The bus line 200 operates between Central Train Station Linz (Linz Hauptbahnhof – Bus Terminal) and „Ottensheim Marktplatz“. The regatta venue lies within walking distance from „Ottensheim Marktplatz“.

The timetable can be found [here](#)

► Bus Lines 230/231 and Train

Also, there is public transport to Ottensheim train station (Ottensheim Bahnhof) either by train or bus lines 230 and 231 in direction „Rohrbach“.

Information about all public transport possibilities can be found [here](#)

► Bike

Did you know that Ottensheim is located directly at the [Danube Cycle Path](#) and therefore perfect to reach by bike?

To transport your bike from Linz to the venue, please take the train from „Linz/Donau Urfahr Bahnhof“ to „Ottensheim Bahnhof“ (further information can be found [here](#)) or the „[Danubebus](#)“ for the waterway connection.

Also, we provide a [bike rental](#) on-site.

PARKING

► Cars

Parking areas for private cars are in walking distance to the venue (approx. 10 min). Parking tickets can be purchased on-site for € 8.- per day. Only cash payment possible!

► Trailer

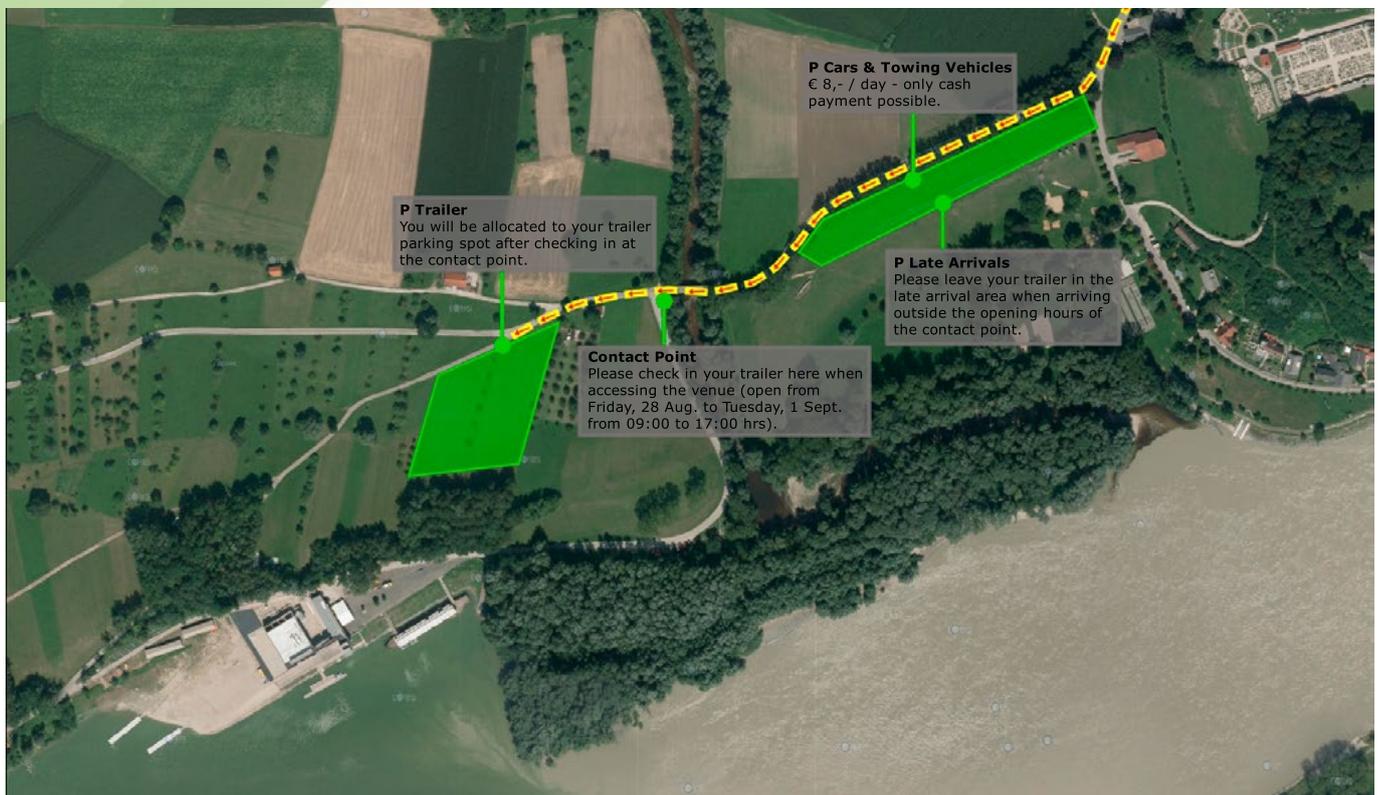

Please check in your trailer at the contact point you'll pass when accessing the venue (right after a small bridge).

You will then be allocated to your trailer parking spot. Please note that towing vehicles must be parked in the car parking area (see above).

Opening hours contact point:

Sunday, 29 Aug. to Tuesday, 31 Aug.
from 09:00 – 17:00 hrs.

Late arrivals: Please leave your trailer in the area in front of the contact point and the small bridge overnight and check in at the contact point the day after.

E. ACCOMMODATION

HOTELS

It is recommended to book your accommodation through the official event travel agent "OÖ Touristik".

Please use www.touristik.at/en/rowing-masters-2021.html to facilitate your booking for the 2021 World Rowing Masters Regatta.

The use of public transport between Linz and the venue is included when booking accommodation through the above link.

Please support us in reaching our sustainability goals by reducing waste where possible and separating unavoidable waste according to our waste management system. We kindly ask you not to bring any PET bottles or cans to the venue.

LIABILITY

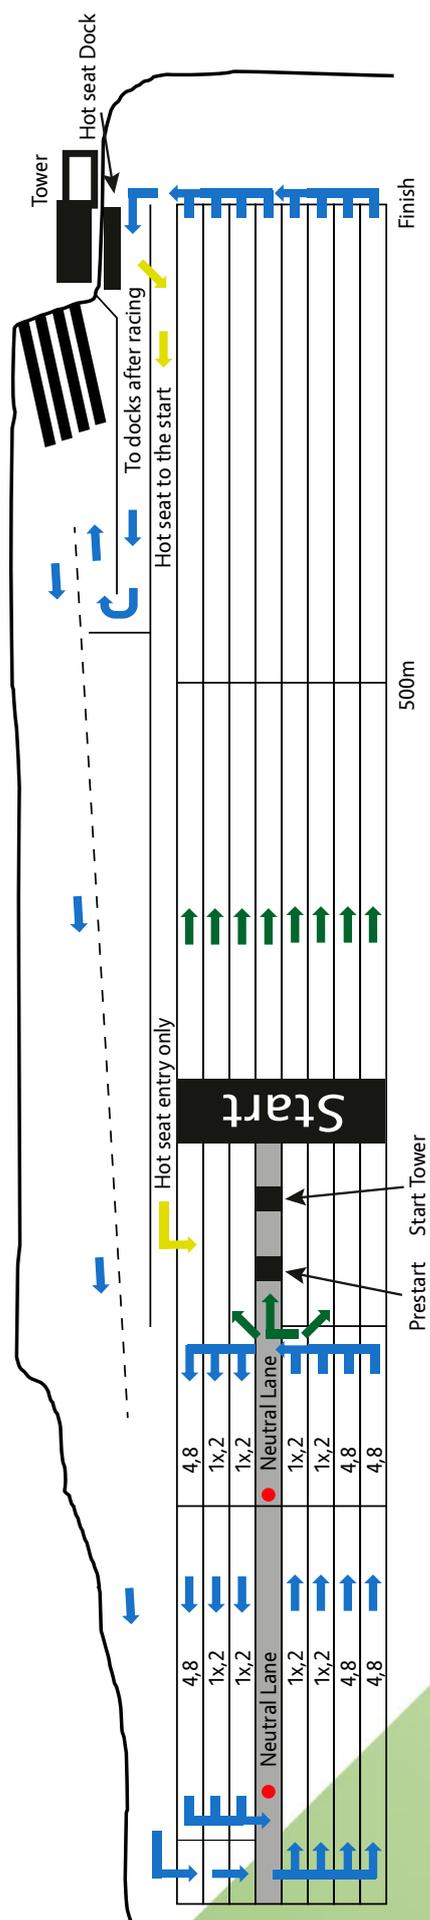

Participants are responsible for acquiring insurance for equipment and persons. The OC shall not be held responsible for any damages in the regatta area or hotels.

J. TRAFFIC RULES

TRAINING

RACING

K. REGATTA INFORMATION

DOPING CONTROL

Please be aware that several doping control tests will be conducted at the 2021 World Rowing Masters Regatta. All tests will be conducted in accordance with WADA and World Rowing requirements. For all information about the Anti-Doping controls and procedures, please refer to the World Anti-Doping Code and International Standards available on the website www.wada-ama.org and the World Rowing Anti-Doping Bye-Laws.

Further information is available on the [FISA website](#).

IDENTIFICATION AND PASSPORT SCAN

All participants of the 2021 World Rowing Masters Regatta must bring a copy of an ID or passport. It must be carried as means of identification at all times including in the boat during racing and can be checked for security and safety reasons at any moment. There will also be spot checks on the outgoing and incoming pontoons and no medal will be handed out without showing appropriate ID.

WORLD ROWING MASTERS DATABASE VERIFICATION

Please note that it is mandatory to get your details (Name, Date of Birth, Gender, Nationality) verified for the World Rowing Masters Database before being allowed to race. If you have had your details verified in one of the previous World Rowing Masters regattas, you would not need to do it again.

MEDALS

Medals will be awarded to winners of each heat. If the number of entries in an event exceeds the number of racing lanes, the entries will be divided into two or more heat finals. A separate classification will take place and prizes will be awarded for each age category, even when the race is held together with other age groups. This applies to both men's and women's events.

Trays will be prepared, so one crew member can pick them up, without getting out of the boat.

CREW CHANGES - ONLINE ONLY

Crew changes are only permitted up to 1 hour before the start of the crew's race. Entries must be made in the name of a bona fide club registered with its national federation. A substitute shall not be permitted if the age of the substituting rower would lower the average age of the crew by more than one year or change the age category of that crew. Masters crews will also be allowed to invite a substitute from another club. However, this would make a pure club crew, a composite crew and ineligible for the club trophy points, but they would continue to be eligible for the medals.

ZONAL UMPIRING

At World Rowing Masters Regattas, zonal umpiring positions shall be used, in order to eliminate washes from motor boats. There are normally no motor boats following the races; the number of such boats on the water will be kept to the minimum needed to ensure safety, efficient operation and maintenance of the course. At the discretion of the World Rowing Masters Commission and/or President of the Jury, an Umpire's launch may be used to follow races.

EXCEPTIONAL CASES

In exceptional cases (e.g. suspension of the regatta), the necessary decisions will be made by the Competition Manager after consultation with the President of the Jury and the Chair of the World Rowing Masters Commission. On behalf of the Executive Committee, the World Rowing Masters Commission shall adjudicate on all cases not covered by the racing rules, the bye-laws and the present regulations, as well as on disputes which may arise during any World Rowing Masters Regatta. The decision of the World Rowing Masters Commission shall be final.

TEAM COMPOSITION

- ▶ A rower may compete in Masters rowing events from the beginning of the year during which he reaches the age of 27.
- ▶ Please visit www.wrmr2021.com/general-information for the different age categories.
- ▶ Age categories do not apply to coxes.
- ▶ Female coxswains will be permitted in men's crews and vice versa.
- ▶ In mixed races on Sunday, 5 September half the crew, excluding the coxswain, shall be women and half men. The coxswain may be of either gender. The minimum weight of cox's is the same irrespective of gender and/or type of crew.
- ▶ Each competitor shall be responsible for his own health and fitness and able to prove his or her age by producing an official document.
- ▶ Members of the same crew shall compete with uniform clothing (shirt, shorts and any additional garments). The regulation regarding uniform clothing will not be enforced on Sunday, 5 September during the mixed races.
- ▶ The minimum weight for a coxswain wearing the racing uniform is 55 kgs. To make up this weight, a coxswain may carry a maximum of 15 kgs of deadweight which shall be placed in the boat as close as possible to this person.

FAIR PLAY

In the interest of Fair Play, we ask you to:

- ▶ Respect the World Rowing Rules of Racing. The World Rowing Masters Regatta is conducted under the supervision of the World Rowing Masters Commission.
- ▶ Respect all participants, your opponents, and officials.
- ▶ Stay respectful in victory and defeat.
- ▶ Observe and adhere to the specified hygiene measures
- ▶ Stay healthy

Also, we ask the audience, coaches, and officials to behave respectfully towards each other and the athletes.
